Sapiens Training

Education Opportunities

High performance software is a requirement for business success—the other essential element is knowledge. With this in mind, Sapiens offers a range of informative courses for new and existing users.

You will find courses on NAIC updates, in addition to user training for each Sapiens system.

CPE Credits can be earned for any training course in this catalog. Please review registration details on page 7 as you prepare to register.

Web-based Training

All of the Sapiens training courses are available from the convenience of your desktop. If you have an Internet connection and a phone, you're ready to take advantage of remote learning.

Benefits:

Lower tuition

Multiple attendees

No travel expense

Less workload backlog

You may connect to a web-based training from a conference room and use a speaker phone to train your entire group.¹ There is one charge per log-in, and no limit to the number of people who can attend.

Quality Instruction

Sapiens Web-based training courses are live events with two-way dialog that facilitate interaction and clarification. Our instructors are subject matter experts who can answer your questions and provide background information. You'll be able to apply your new knowledge immediately.

Custom Training

Sapiens product experts can tailor training content for your specific business needs. We'll bring customized training to your office, or tailor Web-based instruction to meet your organization's specific requirements.

Call us today at 800-373-3366 ext. 5716.

¹ Note: A separate log-in is required for each person earning CPE credit to verify attendance for NASBA.

Sapiens StatementPro Software Update

This is a group internet-based training event. If you want to earn CPE credit, NASBA requires an individual registration and internet connection for each participant.

Objective

Basic level course designed to provide users with news about new Sapiens StatementPro software features, product support tools, and general software information. See the latest Sapiens StatementPro enhancements as well as tips and tricks for preparing the statement within the Sapiens software.

Agenda

- **Annual Statement Client Services & Support**
We will describe the full range of Annual Statement support resources available to you. You will learn the most efficient way to access customer service, and how to subscribe to email notifications for State Checklist Direct and our NAIC Focus newsletter.
- **Software Enhancements**
An overview of the latest software enhancements will be provided. You will learn the benefits of the new enhancements and how they will help you complete the filings more efficiently.
- **Tips and Tricks**
You will learn about features that simplify your statement preparation, and new ways to streamline the process. These tips and tricks shave time and effort off your quarterly and annual filings. You will understand how the features discussed can help in your workflow.

Continuing Education Credit

Sapiens provides CPE credit because we understand that continuing education is important to you. Sponsored learning activities are measured by program length, with one 50-minute period equal to one CPE credit. One-half CPE credit increments (equal to 25 minutes) are permitted after the first credit has been earned in a given learning activity. Please refer to individual course listings to find specific CPE credit hours. Certificates of completion are given at the conclusion of each course.

Sapiens is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.nasbaregistry.org.
